5. Have any of your employees ever requested transportation assistance or information related to their commute?

Yes No

6. Please check all statements below that apply to your company/work site:

- We provide and/or pay for employee parking.
- We have limited parking resources.
- We sometimes have difficulty recruiting qualified workers because transportation to/from work is a problem (i.e., cost of commute, distance, lack of public transportation, lack of vehicle, etc.)
- It would be easier to recruit new employees/retain existing employees if there were a vanpool/carpool/public transportation available to our employees.
- We have offered a transportation stipend or signing bonus to attract employees who may have to commute a greater distance to work.
- We currently encourage employees to commute using alternative transportation (such as carpools, vanpools, bus, bike, walk or telecommute).
How? _____

7. Would you consider partnering with Mountain Metro to offer a commuter express services to your business or worksite?
